HONOR EMPLOYEE... Mrs. Lola Neilson, a cook at the Torrance Children's Center for the past 14 years, receives a certificate of recognition for her service from William J. Hanson, president of the Board of Education. Mrs. Neilson, who worked in an industrial plant cafeteria before joining the Torrance schools, also was the surprise guest of honor at a Christmas party held by employees at the center.

**WARRIOR TRAILS**

By Robin Newcomer

Whew! The Christmas rush is finally over! Some people are now wondering how long that stuffed feeling from consuming an overdose of turkey, cookies, and candy will last. Many people, disregarding the ache in their feet from the seemingly endless Christmas shopping are out again, this time exchanging gifts. Others, a small minority with great will power, who managed to stay on their no turkey, cookies or candy diet and who make a point of being satisfied with everything, can now sit back and watch the rest of us in our after-Christmas recuperation.

On the last day of school before vacation, Peter Dunhaver, the junior class president, was presented with a gavel by ASB President Neil Campbell as a parting gift. Peter's father, who is in the Air Force, is being transferred to New Delhi, India, Dec. 30.

Peter has proved to be a prominent leader of West High. As a freshman he held the office of president for the second semester and continued as a council member in his sophomore year as vice president both semesters. In his sophomore year he also was given membership into Chieftains, an honorary service club on campus.

The juniors, led by Peter, started this year rolling with a Welcome Dance that was an overwhelming success. Realizing their obligations as the Junior-Senior prom sponsor, Peter, along with other juniors, organized concession stands during the football season, Taffy Apple Sales once a month, and a Peanut Drive.

Peter, commenting on his move, remarked, "I have mixed emotions. I know a lot of people at West but I'm looking forward to going since it will be a great experience."

Bon Voyage, Peter: We'll miss you! By just looking at Selda Ustertunali, our exchange student, one would not suspect that her goal in life is to become a chemical engineer. But with four years of chemistry behind her in Turkey and going on her fifth year here at West, she's well on her way.

Selda, who has already graduated from high school in Turkey, remarked that there were 300 students in

GORDON F. CAMPBELL Christian Science Lecturer

**Lecturer Speaks in San Pedro**

Discovering new trust in God in a scientific age will be explored at a public lecture coming to San Pedro on Thursday, Jan. 5, under sponsorship of Seventh Church.

The speaker will be Gordon F. Campbell, C.S.B., an experienced teacher and practitioner of Christian Science from Santa Monica, who is currently on tour as a member of The Christian Science Board of Lectureship.

His lecture here will be titled "What Do You Trust?" It begins at 8 p.m. in Seventh Church Christ, Scientist, 1010 Cabrillo Ave. Admission is free and open to the public.

Mr. Campbell was graduated from the University of California at Los Angeles. He spent several years in business positions and then as a voice teacher, until in 1953 he began devoting his life to the Christian Science healing ministry. He later became a teacher and lecturer. He returned to the denomination's public lecture work recently after completing a three-year appointment to conduct services as First Reader of The Mother Church, The First Church of Christ, Scientist, in Boston.

**Garden Checklist**

1. Plant ornamental strawberry for a highly decorative ground cover in parkways.
2. Plant roses. The new varieties are in nurseries new and the sooner you set them out, the better.
3. Winter is a good season to uproot old or poorly performing shrubs and to plant new shrubs in their places.
4. Christmas gift plants should be watered regularly so that they don't dry out in the warm air of your house.
5. Spring-blooming shrubs such as lilac, viburnum, forsythia should be pruned after bloom not before.
